VISIO - CONTEG RACKS ver 8513 (.vss, .vst)

CONTEG has launched new tool for rack visualization. This tool is based on the MS Visio library and enables IT system engineers, designers and consultants to complete project documentation with drawings of front elevation views of CONTEG racks with installed equipment and accessories in an easy, painless, and above all fast way.

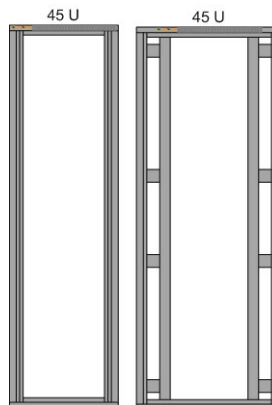

Stencil CONTEG RACKS ver 8513.VSS

The stencil includes 14 rack shapes covering the whole Conteg product range in all available sizes and features a window for easy choice of the rack size. Once the rack height and width is chosen, it is frozen and cannot be additionally changed.

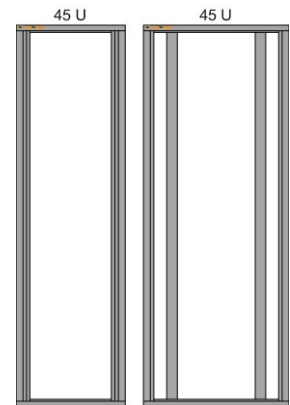

ROF shape

19" distribution rack
Optimal series (ROF)
Width: 600 and 800mm
Height: 15, 18, 21, 24,
27, 33, 36, 42, 45, 46, 47,
48U

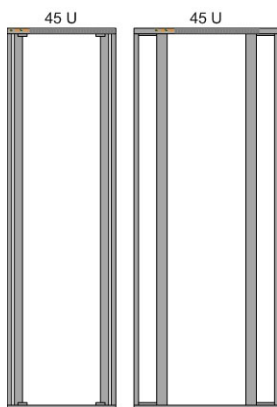

RMF shape

19" distribution unassembled
rack RMF series
Width: 600 and 800mm
Height: 21, 33, 42, 45U

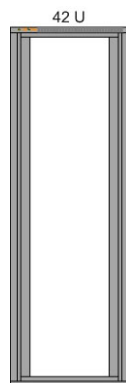

RSL shape

19" distribution rack RSL series
Width: 600 and 800mm
Height: 21, 27, 42, 45U

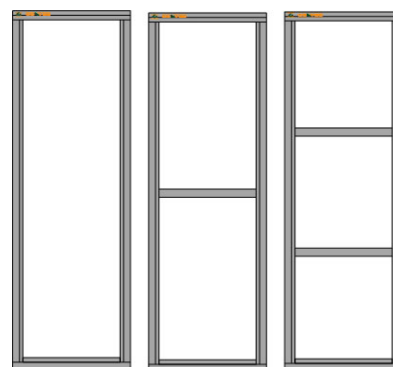

REV shape

19" distribution unassembled
rack Economy series (REV)
Width: 600 and 800mm
Height: 21, 27, 42, 45U

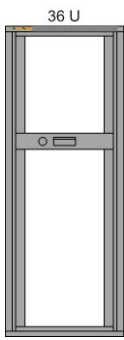

ROS shape

19" server rack
ROS series
Width: 650mm
Height: 27, 42U

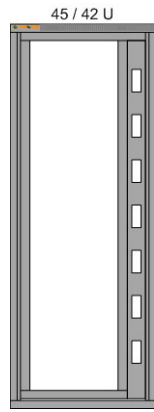

RSB shape

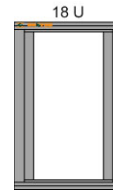

19" serverhousing rack
RSB series
Width: 600mm
Height: 42U
Compartments: 1, 2, 3

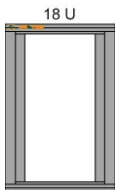

ROP shape
19" PC rack ROP series
Width: 650mm
Height: 36U

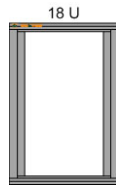

ROR shape
19" distribution rack with swing frame
ROR series
Width: 800mm
Height: 24, 39, 42U
(useful height of swing frame 3U less than rack height)

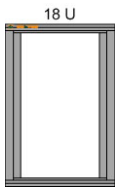

RON shape
19" wall-mounting rack Optimal series (RON)
Width: 600mm
Height: 4, 6, 9, 12, 15, 18U

ROD shape
19" wall-mounting rack Optimal series (ROD)
Width: 600mm
Height: 4, 6, 9, 12, 15, 18U

RUN shape
19" wall-mounting rack Universal series (RUN)
Width: 600mm
Height: 4, 6, 9, 12, 15, 18U

RUD shape
19" wall-mounting rack Universal series (RUD)
Width: 600mm
Height: 4, 6, 9, 12, 15, 18U

REN shape
19" wall-mounting rack Easy series (REN)
Width: 530mm
Height: 6, 10, 15U

RSH shape
10" wall-mounting rack SOHO series
Width: 300mm
Height: 4, 6, 9U

Every shape excl. RSB comes with points for easy pegging of active and passive equipment shapes onto the positions on 19" vertical extrusions. Although CONTEG rack shapes have been developed to work well with most equipment shapes (with shapes by other equipment producers or with standard Visio shapes by Microsoft) in the scale 1:20, CONTEG cannot guarantee the compatibility with any shapes (Visio stencils) of other producers.

Template CONTEG RACKS ver 8513.VST

Template includes the above mentioned stencil plus pre-scaled desktop (page size: metric (ISO, A4: 297 x 210 mm; scale factor: 1:20). This preset is great starting point and can be if necessary customized for your project.

Software

To work with the CONTEG Visio stencils and templates MS Visio (Professional 2007 is recommended) is required. To be able to view Visio drawings and diagrams you can download Visio Viewer for free. To download and learn more about Visio Viewer click **HERE**.

CONTEG accessories Visio stencils

CONTEG marketing department is also developing Visio stencils with the shapes of the most used 19" accessories. This will enable you to complete project documentation with drawings of CONTEG racks and accessories. As soon as these stencils are finished, we will inform you in CONTEG News.

Comments and updates

All comments concerning Visio stencils can be sent to the e-mail address **support@conteg.com**. Please send a message with „VISIO UPDATE“ in the subject line to **support@conteg.com** in case you are interested in receiving all updated and new Visio stencils by CONTEG automatically. You can stop receiving Visio updates at any time and your email address will not be shared with third parties and your privacy will be kept.

Please do not use previous beta version of Visio stencils and templates called „CONTEG racks“ (no version mentioned), update to version 8513.
