Used for flexible solution of installations in server cabinets width 600mm where there is not enough space for cable management and vertical placement of PDU.

Swivel brackets are equipped with adjustable torque and position control hinges that allow setting and adjusting exact position of the PDU inside rack allowing swinging at half-round range.

Swivel bracket – main body

Mounting plate for PDU type DP-RP and IP-BA

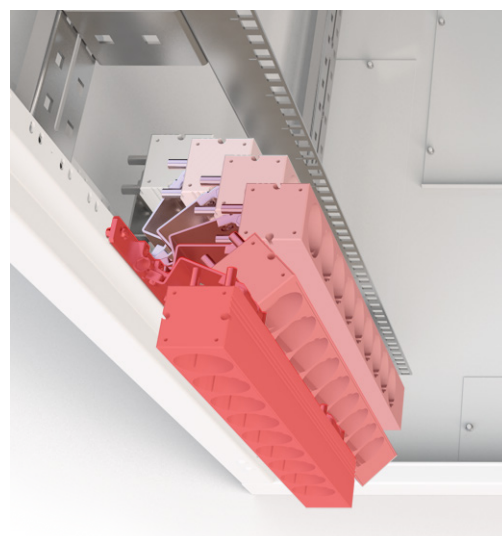

Mounting plate for PDU type IP-Dxx

FEATURES:

- Universal for all PDU's – DP-RP-xx, DP-RP-20-xx and IP-xx
- Left or right hand side installation
- Adjustable Torque and Position Control Hinges allow setting exact position of PDU in rack
- Simple installation
- Usable in all Optimal and Premium series rack sizes
